

PERJURY SUSPECTED IN MASKED MURDERS

Secret Service Men Looking
Into Alibis of Persons Under
Suspicion.

Special Dispatch to THE NEW YORK HERALD.
MER ROUGE, La., Dec. 30.—Wholesale arrests for perjury may be the outcome of the prosecution of the men suspected of murdering Daniels and Richards.
Propaganda sent out by friends of men under suspicion saying they will take the stand and testify to this or that which is contrary to the facts as secret

service agents know them to be. In being carefully sifted. Already the detectives are looking up the records of several men who have said they would establish alibis for suspects, and if their testimony is in contradiction to the facts, perjury charges will result.
The State authorities are determined that every one connected with the murders shall be prosecuted and also every one who attempts to obstruct justice. Hundreds of resignations from the Ku Klux Klan have occurred since the revelations in Morehouse Parish started and predictions are made by those in position to know that many others will follow, according to reliable information received here from different cities of Louisiana.
"Quit while the quitting is good," seems to be the order of the day, among members of the Klan who believe in law and order and orderly government. Two men who have held the office of

Exalted Cyclops in their respective parishes are among those who have resigned during the last week.
Evidence in regard to the case of Dr. H. M. McKoin is being gathered in Monroe by a Department of Justice agent. The nature of the evidence wanted has not been learned, but it is said to be in connection with Dr. McKoin's efforts to prove an alibi on the night of August 24, when the Mer Rouge citizens were kidnapped. McKoin's assertion that he was in Monroe at that time is substantiated by physicians up to 10 o'clock on that night, but whether it includes a later hour or the entire night cannot be learned.

SHUN SOLDIER HUSBANDS.
Tokio, Dec. 30.—Military men are not desired as husbands by the modern Japanese girls. It is indicated in the voting of pupils of the Ochanomizu High School, one of the best in Tokyo. These girls come from military and official families, but not one out of a hundred graduates voted for a soldier husband. The majority favored merchants.

TUBE MAIL SERVICE FOR NEW YORK IS SURE

House Appropriates \$513,911
for Installation.

Special Dispatch to THE NEW YORK HERALD.
New York Herald Bureau.
Washington, D. C., Dec. 30.—The House today approved an appropriation of \$513,911 for installation of pneumatic tube mail service in New York city after a spirited debate.
An amendment was offered to the Post Office Department appropriation bill by Representative Sloop (Va.) providing funds at the rate of not more than \$18,500 per mile for double line tube service in Manhattan and Brooklyn.
Reading of the appropriation bill has been completed and an agreement to vote on it next Wednesday reached. This means that the bill will go to the Senate with the pneumatic tube appropriation included.

COURT ORDER SUMMONS ANTI-SALOON LEAGUE

ALBANY, Dec. 30.—An order directing the Anti-Saloon League of New York to appear before him January 27 and show cause why it should not, appoint a treasurer, file the designation as required by law, and then account for all money spent by its organization during the last primary and general elections campaign, was issued to-day by Supreme Court Justice Staley upon the petition of several residents of Troy, headed by Col. Ransom H. Gillett, an official of the Association Opposed to the National Prohibition Amendment.
Col. Gillett pointed out that the State law provides that when three or more persons act together in electing or defeating a political principal they constitute themselves into a political committee; that the first thing this committee must do is to select a treasurer and file the designation with the Secre-

tary of State, and that within twenty days after a primary or general election the treasurer must account for all the money or equivalent used by the committee in the election or defeat of any candidate.
Col. Gillett alleged that the Anti-Saloon League of New York published a paper known as *The American Issue* and from time to time sent out election literature advising the voters to vote for Gov. Miller and against Alfred E. Smith, because of the latter's attitude on the Volstead act, and also sent out questionnaires to every candidate in the State.

TRENTON, Dec. 30.—The Court of Pardons announced to-day that it had

granted twenty-six paroles, to take effect immediately—twenty-two from the State prison, one from New Jersey Reformatory and three from the Essex county penitentiary. In addition fifty-six will be discharged at the expiration of their minimum terms. Remission of fines was granted in ten prison and one penitentiary cases.
